

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clearly a disregard for the FCC and the law. They have weighed the consequences against the gain and decided to ignore the law.

If you allow them to do anything they want, they will nullify the authority of the FCC the same way Bush nullified the United Nations. This is a very conscious decision to break the rules on their part. I look to the FCC to protect the public against such abuse. Don't let this be settled, muted and squelched outside of the public eye in some hearing that occurs after the fact. Take action now. Please
